

This term our writing will be based around our Space theme. We will be using the books 'Whatever next' and 'Beegu' to explore the stories as a focus for our writing. For our Non-fiction text we will use 'One Giant Leap' a Biography style text about Neil Armstrong. Our reading will focus on fluency when reading which will support the children's understanding and comprehension of what they have read.

In Mathematics we will learn about...

Place Value

Addition and Subtraction using various methods and resources

- Part, part, whole
- Crossing out method
- Bar method
- Number lines

We will regularly use this knowledge to solve problems and puzzles and to develop our reasoning skills.

In Art we will explore Space using a variety of media and skills

- Junk model rockets
- Marbling planets
- Mixed media collage

In Design and technology, we will design and build a Modroc model based on our topic.

In R.E. we will consider and explore *who celebrates what and why?* Including Diwali which is a Hindu Festival in October to celebrate 'the Festival of Lights' which is their New Year celebration.

Autumn 1 2019 EYFS/ Key stage 1 learning overview

Space

In Computing we will use a search engine to carry out internet research to find out about Neil Armstrong. We will search for images to create a picture page to go alongside our handwritten Biography's. We will manipulate the images to create the picture page changing the size, position and adding a background and some stamps.

In Science we will learn all about space, investigating the solar system and about animals including humans. We will look at animals and their babies, how animals and humans change and grow and what they need to be healthy.

In P.E. we will develop our skills and teamwork through playing football on Mondays. On Thursdays we will explore ball and racket skills and concentrate on working together as a team

In History we will focus on the timeline of space discovery and work together to create our own timelines.

In PSHE our theme is 'We are all stars' we will be looking at our school and local community. Getting to know each other and how we can learn to work together.

In Music we will sing lots of fun songs and learn how to keep a rhythm and clap in time to the beat.
