

Well Done!

A huge well done and thank you to all of the children who have achieved our core values this week

A special well done to our certificate winners:

Seth Goodwin - Aspire (For being aspirational with his writing. He has been writing some super sentences this week!)

Poppy Meadowcroft - Endeavour (Well done this week for trying so hard with your adventure story.)

Grace Langley - Respect (For helping during assembly time with singing and music.)

Congratulations to all our award winners this week.

Keep up the good work!

Diary Dates to Remember

**Educational trip to Yorkshire Museum -
17th March, 2020**

**Terrington Sports Enhancement day - 20th
March, 2020**

Easter holidays last day 3rd Apr, 2020

Teacher Training day - 20th Apr, 2020

Return to school - 21st Apr, 2020

**Bank Holiday moved due to VE Day -
Friday 8th May, 2020**

Half Term Holidays - 22nd May, 2020

Return to school - 1st June, 2020

Break for summer - 20th July, 2020

School Trips Out

Please would you check all pupil's bags for authorisation letters for trips out of school next week? We are still awaiting a few more forms to be returned.

What have we been doing this week?

This week in **EYFS/ KS1** we looked at Isambard Kingdom Brunel's Thames Tunnel and worked in teams to build our own tunnels using different construction sets then choose foil or cling film as the final protective layer.

We then tested them to see if they were strong enough to withstand water, just like the Thames Tunnel.

In art, we explored creating light to dark shades using white and black paint to create a stair case, which gets darker towards to the top which is linked to our English unit this term 'Orion and the dark'.

In **KS2** this week we have been finishing our Stone Age adventure stories and publishing these using the computers. In Maths, we have been exploring decimals, tenths and hundredths. Next week in maths, year 3 & 4 will be learning about the MASS of objects while year 5 & 6 will be learning about percentages.

In science, we have been looking at the eye, how it works and why we need to protect them. Year 3 & 4, have made some designer glasses to keep their eyes safe. We have also designed our volcano models, which we will build and erupt next week. In art, we have begun to find out about the life and work of **Vincent Van Goah.**

Corona Virus

The constant washing of our hands, together with the use of non-alcoholic sanitiser is having a reaction in some of our pupils. Should parents wishing to send their children to school with a non-scented moisturiser with their name written on the product, please feel free to do so. They can apply this after washing to help relieve any dryness the extra washing will cause.
