

Well Done!

A huge well done and thank you to all of the children for their hard work, determination and perseverance this week

A special well done to our certificate winners

Charlotte Langley - Award for being kind and considerate to another child when upset.

Thomas Teal - Award for amazing writing about Neil Armstrong this week.

Grace Langley - Special Award for mature behaviour in class.

Congratulations to all our award winners this week. Keep up the good work!

Cluster Event Playground Leaders

Year 5 & Year 6 will have been invited to take part in the Playground Leaders Event on Thursday 24th October, starting at 1 pm to 3.30 pm at Outwood Academy. Watch for letters going out shortly.

Halloween Party

On Friday 25th October, the last day of term, we are holding a Halloween Party for all the pupils from 4 pm to 6 pm. Food and Drink will be provided at a cost of £4 per child. Spooky music and party games with a competition for the best costume and the best pumpkin design. A pumpkin will be handed out to the pupils on Tuesday 15th October. They can carve at home with parents and return on the day of the party. Parents are welcome to come and help. A letter will be going out shortly. A donation of any decorations would be appreciated.

What have the Infants done this week?

This week we have celebrated 'World Mental Health day' thinking about how to look after our feelings, emotions and our minds. We took part in a space yoga session, did some mindfulness colouring whilst listening to calm music and then had a walk to the park, to get lots of fresh air, fun and exercise. For the last two weeks we have been exploring collage and using mixed media. We painted our backgrounds using various techniques and then collaged rockets and planets on top using a variety of papers and any other bits we could find.

Stillington Sports & Social Club Quiz

A fantastic turn out for the Quiz Night on Friday 4th October. **£375.00 was raised for Friends of Stillington School.** A massive thank you to **Mr & Mrs Cookman**, who executed a fantastic quiz night and supper.

What have the Junior's done this week?

Operation Scramble!

Phase 1 of the moon buggy construction is now nearing an end and we will soon be testing them to see which can travel furthest over the dreaded Martian landscape - the cobbles outside school! At the same time the children have also been thinking about how they will keep their driver (the egg!) safe and able to see where he/she is going. **Phase 2** will allow the children to change the design of their buggy to see if they can improve the performance. This might mean changing the wheels, suspension or drivers module! Updates to follow! In literacy are continuing to plan and write persuasive texts. We are currently developing a persuasive letter to try to get more custom for our new space travel company: Stillex Galactic. This will also form the basis of a radio advert. In maths we are starting a new topic of Multiplication and Division. Please continue to practice times tables with your children so that they are able to recall them instantly. We will initially be focusing on 3x, 4x, and 6x.
