

# STILLINGTON PRIMARY SCHOOL BULLETIN

## **Bulletin 23rd April 2021**

### **Infants– KS1/EYFS**

Ks1 have got really into their topic of “what was our school like on the day it opened?” we have started to put together a newspaper article about the day our school opened in computing.

In EYFS we have been learning about Superheroes and discussing why our families are superheroes to us and how we can help others. We have also enjoyed dancing outside to music in the warm weather!

### **Juniors - KS2**

Another productive week in KS2. We’ve been learning lots more about our English topic, the Suffragettes, including who the key leaders were. We’re going to be including all of our research into our information pages, which we will share with you via our Facebook page and Twitter feed. In maths, Y3 and Y4 have been learning how to tell the time using analogue clocks as well as the 12 and 24 hour clock, and the Y5s and Y6s have been learning how to measure and draw angles using protractors.

### **Internet Safety Guidance For Parents**

As you will be aware it is extremely important for children to learn about internet safety. As a school we teach these safety skills on a yearly basis during the Autumn term and also take part in the annual e-safety day which takes place in February. It is important that these messages are also consolidated at home. Below is a link to a really useful site for parents which offers guidance on supporting children’s understanding of e-safety.

<https://www.saferinternet.org.uk/advice-centre/parents-and-carers>

Please take the time to have a look at the site and the resources that are available.

### **Growing up in NYCC**

Within KS2 classes, Y4-6 will be taking part in the growing up in NYCC. Please find attached to the bulletin a letter detailing the aspects of the survey. If you have any questions or wish your child not to participate, please feel free to contact your child’s class teacher.

### **Nepal Project**

We are continuing with our Nepal project which we began in September to link with schools across the globe to learn about different cultures. As part of this, we would like to organise a Teams meeting where the different classes will meet each other, introduce their schools and ask questions. If you have any questions or wish your child not to participate, please feel free to contact your child’s class teacher.
