

STILLINGTON PRIMARY SCHOOL BULLETIN

Bulletin 30th April 2021

EYSF & KS1

Continuing with our topic of Superheroes we have been learning about a real life superhero Amelia Earhart. The children have explored aeroplanes in the past and present and discussed our own hobbies and interests and how we can improve them.

In KS1 we have continued our topic of “What was school like on the day it opened?” in history we have explored schools in the past and now and any similarities and differences. We have enjoyed sewing and are starting to plan to make our own puppet linking to toys in the past.

Juniors—KS2

KS2 have continued with their fabulous work on the Suffragettes – we’ve been learning about the Suffrage movement, the key people who were involved and the strategies they used during their protests. We’ve moved onto our next topic in Maths and we’re now looking at fractions, including mixed/improper fractions and how we can convert between the two.

We have a lot of unclaimed (and un-named) jumpers floating around the cloakroom. If any remain unclaimed by the children after next week, I will leave them on the bench outside for parents to claim.
